

Ivan Shevchuk

Front-end Developer (React)

iivansheva@gmail.com | +380 93 035 39 82 | Kyiv, Ukraine

I am well-organized, delivery-focused, and just a nice team player. Always ready to learn and grow. I love to solve complicated tasks that require a lot of work with the front-end. I am eager to be challenged in order to grow and further improve my skills.

Experience

Front-end Developer | Freelancer

June 2021 - February 2022 | Kyiv

I worked as a freelancer for about a year, doing tasks on
React (tabs, modals, sites ...)

used old react (class components) and new react (function
components, hooks)

used npm: redux, react-redux, formik, yup, react-router-
dom, sass, styled-components, axios ...
